PLACE W. S. S. ON SALE IN ROTUNDA OF THE CAPITOL

The War Savings Stamp Committee of the District of Columbia, with Vice President Marshall buying the first stamp and Speaker Clark the second, started business off with a rush at the Capitol today.

A stand for the sale of stamps was established at the Capitol at 10 o'clock this morning, under the direction of Postmaster Merritt O. Chance, with Miss Leona M. De Lauder, of 1311 Eleventh street northwest, in active charge. The stand is in the rotunda of the Capitol building, among the "Signs of the Declaration of Independence." It will be open from 10 to 4 each day, and judging by the volume of sales today will be a profitable institution for the time being.

After Vice President Marshall and Speaker Clark had purchased stamps, a number of leading members of Congress made purchases. Among them were Senators Salisbury, Gallinger, and Overman, and Congressmen Sharley, Gillett, and Moon.

It has never been the custom to allow the Rotunda to be used for sales of any kind, but in this case it was deemed proper and fitting to break the custom.

AN IRISH BULL

From a speech by the lord mayor of Dublin: "That would be a crying evil, to leave the poor people in the city without milk. It would be a wise thing if the corporation would take the bull by the horns and deal with the matter." Dublin Evening Mail.

TENDER TOES OF AMERICAN WOMEN

Tortured with corns because of high heels, but says corns lift out.

Style decrees that women wear high-heeled shoes, which buckle up the toes, producing painful corns; then many women cut at these pests, which is a most dangerous proceeding, because one is simply inviting infection or an awful death from lockjaw.

For little cost there can be obtained from any pharmacy a remarkable drug called Frezzone. A quarter ounce of this is sufficient to remove every soft or hard corn or callus from one's feet. Frezzone drops of frezzone applied directly upon a tender, aching corn relieves the soreness at once, and soon the entire corn, root and all, can be lifted right out without pain.

It is a sticky substance, which dries in a moment and shrivels up the corn without inflaming or even irritating the surrounding tissue of skin.

Here is a good thing, ladies, so pass it along to your sisters in distress.
